If you or a loved one live a long life and need help with those things we do every day: get out of bed, go to the bathroom, shower, shave, do your hair, get dressed, eat and move around the house or apartment

A Well Thought-out Long Term Care Plan Will:

- ✓ Allow you to remain safe at home while preserving the emotional, physical and financial wellbeing of those you love;
- ✓ Allows your Family to hire a Care Coordinator rather than trying to be one;
- ✓ Allows your loved ones to be Care Managers, rather than Care Providers;

Long Term Care Insurance will provide a stream of income that funds your plan.

- **Premiums on new policies are going up within the next 90 days.**
- MCBA Members are eligible to purchase Custom Designed, Long Term Care Insurance at a discounted rate. Discounts apply to members, their spouse/ domestic partner and parents of either, their children and your employees.
- The Current Member Discount is with three (3) of the top rated insurance industry leaders- John Hancock, MassMutual and Mutual of Omaha.
